3.	<p>Public Questions:</p> <p>The following statement was made:-</p> <p>A statement was made by Councillor H Bass on behalf of Wickham Bishops Parish Council regarding Scheme LBRA172015 – Request to change timing of traffic signals, Maldon Road j/w Blue Mills Hill, Witham.</p> <p>At the last meeting of Braintree Local Highways Panel it had been agreed that Councillor Bentley, Essex County Council's Cabinet Member for Infrastructure, should be recommended to approve Scheme LBRA172015 on the basis that the hours of operation are extended so that the traffic signals operate continuously from 6.00am to 9.00pm each day and that the impact of this change on traffic flows in Maldon Road, Witham be assessed. The Scheme had subsequently been approved by the Director for Highways and Transportation as a three month trial starting in December 2019, which would be monitored through consultation with Witham Town Council and Wickham Bishops Parish Council. It was noted that there was a discrepancy in the Agenda report, which stated that during the trial the signals would be on between 6.00am and 7.00pm. Members of the Panel agreed that this was incorrect and that instead the traffic signals would operate continuously from 6.00am to 9.00pm each day. This would be confirmed with the Director for Highways and Transportation.</p> <p>Action By: Jasmine Wiles, Essex Highways - To advise the Director for Highways and Transportation that the traffic signals at Maldon Road j/w Blue Mills Hill, Witham are to operate continuously from 6.00am to 9.00pm each day during the forthcoming three month trial period.</p>	(HLO)

This was subject to any sum which had not been spent by the end of a financial year being reallocated to an approved scheme on the Panel's list of Schemes Awaiting Funding. It had been agreed that a report on the outcome of the consultation should be submitted to the Panel on 25th September 2019 to enable a decision to be taken on whether, or not to implement it.</p> <p>It was noted that a report would be presented to the Cabinet Member for Infrastructure on a possible process.
