3.	<p><b>Minutes:</b></p> <p>The Minutes of the meeting of Braintree Local Highways Panel held on 12th January 2023 were approved as a correct record and signed by the Chairman.</p>	
4.	<p><b>Matters Arising from the Minutes of the Meeting Held on 12th January 2023:</b></p> <p><u>Minute 4 - 'Matters Arising'</u></p> <p>Reference was made to three action points which had been recorded in the Minutes of the Panel's two previous meetings and the following updates were provided for each of them:-</p> <p><u>Speed Surveys</u>  <u>Action:</u> - Dan Maclean, Essex Highways, had been requested to circulate to the Members of the Panel a copy of a document explaining how Essex Highways assesses speed limits.  <u>Update:</u> It was reported that the guidance document was being updated and it would be circulated when available.</p> <p><u>'Tru-Cam' Automated Speed Checking Device</u>  <u>Action:</u> - Dan Maclean, Essex Highways, had been requested to circulate details of the 'Tru-Cam' automated speed checking device and its cost to the Members of the Panel.  <u>Update:</u> - It was reported that an update on this matter was awaited.</p> <p><u>Damaged and Outdated Directional Signs</u></p> <p>At the last meeting of the Panel, reference had been made to a number of road signs across the District which were damaged, obscured, or out of date and which reflected poorly on the image of the area, particularly on entry to and exit from the District.</p>	

	<p><u>Action:</u> - Dan Maclean, Essex Highways, had been requested to investigate if a proactive approach towards the replacement and maintenance of road signs in the Braintree District might be implemented; how a sum of approximately £100,000 allocated by Braintree District Council for such work in Braintree town might be utilised; and to ascertain the outcome of a joint discussion between Essex County Council and Braintree District Council on this matter.</p> <p><u>Update:</u> - It was proposed that a list of damaged and outdated signs should be prepared.</p>	
<p><b>5.</b></p>	<p><b>Funded Schemes 2022/23:</b></p> <p>Consideration was given to a report on the Panel's Funded Schemes for 2022/23, which had been recommended for approval. The report provided an update on the current position of all schemes in the 2022/23 programme of work.</p> <p>Members of the Panel were reminded that funding of £407,600 had originally been allocated to Braintree Local Highways Panel for the year 2022/23. Subsequently, further sums of £100,000 in 2021/22 and £200,000 in 2022/23 had been allocated, together with a sum of £177,594 following the re-profiling of schemes in 2021/22. It was reported that £689,000 of the Panel's budget had been allocated to various schemes within the programme of work and that £59,612 had been allocated specifically to casualty reduction schemes. This meant that a total of £136,582 would have remained in the 2022/23 capital budget. However, it was noted that as the £200,000 additional funding for all 12 Local Highways Panels had not been released, the actual budget position was minus £63,418.</p> <p>In discussing this Item, it was reported that the following six schemes, including the funding allocated to them, would be carried over for completion in 2023/24.</p> <p>LBRA193004 – (Walking) Design for dropped kerbs, East Street, Coggeshall Estimated Cost:- £2,000</p> <p>LBRA193006 – (Walking) Design for improvements to crossings at Coggeshall Road, Railway Street and Courtauld Road, Braintree Estimated Cost:- £10,000</p> <p>LBRA212039 – (Traffic Management) Provision of signage (roundels) at entrances to the village, Stisted Estimated Cost:- £6,000</p>	

	<p>LBRA192018 – (Traffic Management) Design for provision of Bennett island one way, Park View leading to Patten Farm Road, Blackmore End Estimated Cost:- £6,500</p> <p>LBRA193005 – (Walking) Design for zebra crossing, Rickstones Road, Witham Estimated Cost:- £6,500</p> <p>LBRA152140 – (Walking) Design for upgrade of existing pedestrian refuge to a signalised crossing B1389 Hatfield Road, Witham Estimated Cost:- £32,500</p> <p>It was also reported that the following schemes had been cancelled. It was not known how much of the funding allocated to these schemes would be carried over to the 2023/24 financial year as this was dependent on how much had already been spent on them.</p> <p>LBRA192046 – (Traffic Management) Design for junction improvements, Witham Road j/w Church Road, Black Notley Estimated Cost:- £6,500</p> <p>LBRA193009 – (Walking) Dropped kerbs, Jefftrey’s Road, j/w Mill Lane, Cressing Estimated Cost:- £6,500</p> <p>LBRA198001 – (Public Rights of Way) Feasibility study into the creation of a Public Right of Way, Church Road, Rivenhall Estimated Cost:- £3,000</p> <p>LBRA185010 – (Passenger Transport) Raised kerbs, Boars Tye Road bus stop, Silver Street, Silver End Estimated Cost:- £9,000</p> <p>LBRA185011 – (Passenger Transport) Raised kerbs, Boars Tye Road bus stop, Boars Tye Road, Silver End Estimated Cost:- £11,500</p> <p>LBRA163006 – (Walking) Provision of footway, Boars Tye Road, Silver End Estimated Cost:- £45,500</p> <p>LBRA168003 – (Public Rights of Way) Public Right of Way improvements, Byway 43, Steeple Bumpstead Estimated Cost:- £45,500</p>

<p><b>6.</b></p>	<p><b>Schemes Awaiting Funding:</b></p> <p>Consideration was given to a ‘Schemes Awaiting Funding’ report, which included details of requests received for funding from the Panel’s budget for the year 2023/24.</p> <p>Members of the Panel were advised that Essex County Council had agreed that funding for all Local Highways Panels should remain the same as in 2022/23. This amounted to £407,600 for the Braintree Panel. As in 2022/23, a proportion of the Panel’s fund, amounting to £59,612, would be allocated to casualty reduction schemes. In addition, in 2023/24 part of the Panel’s fund would be set aside for carriageway improvement schemes. This would amount to £144,189. This would reduce the budget available to the Panel. However, for 2023/24 an additional £203,800 had been allocated to the Panel for footway schemes and a further £203,800 had been allocated to the Panel for footway minor works.</p> <p>It was reported that details of proposed carriageway improvement schemes; footway schemes; and footway minor works would be sent to Members of the Panel, who would be asked to prioritise the schemes that they wished to be undertaken in 2023/24.</p> <p>As referred to when considering the previous Item, Members of the Panel were reminded that six schemes programmed for completion in the financial year 2022/23, including the funding allocated to them, would be carried over for completion in 2023/24. However, as Essex County Council would be required to sign off these schemes before they could progress it was unlikely that this would occur until June 2023. In the circumstances, it was proposed that the Panel should agree to recommission these schemes so that funding would be available for re-allocation when available. These schemes had a total value of £63,500.</p> <p>It was also proposed that the schemes listed on the ‘Schemes Awaiting Funding’ report which had been categorised as ‘green’, with the exception of the following three schemes, should be recommended by the Panel for approval and included in the Panel’s programme of work for 2023/24.</p> <p>LBRA203002 – (Walking) Design for new footway, Water Lane, Steeple Bumpstead Estimated Cost:- £26,000</p> <p>LBRA225001 – (Passenger Transport) Design for extension of double yellow lines, Colchester Road, Halstead Estimated Cost:- £6,500</p>
------------------	---

	<p>LBRA225004 – (Passenger Transport) Design for bus stop improvements, Braintree Road, Witham Estimated Cost:- £6,000</p> <p>It was also proposed that Members should endorse removal from the list of potential schemes some of those schemes which had been categorised as ‘red’ as they did not meet Essex County Council’s criteria.</p> <p><b>DECISION:</b></p> <p>(1) That the following schemes be recommended for approval and included in the programme of work for 2023/24:-</p> <p><u>Traffic Management</u></p> <p>LBRA212035 – Hardened verge, 43-53 Kelvedon Road, Coggeshall Estimated Cost:- £6,500</p> <p>LBRA192051 – Quiet lane, Oak Road, Halstead Estimated Cost:- £5,000</p> <p>LBRA212015 – Safety measures, Station Road/Terling Road, Hatfield Peverel Estimated Cost:- £4,500</p> <p>LBRA212022 – 20mph speed limit, Church Road, Hatfield Peverel Estimated Cost:- £5,500</p> <p>LBRA212029 – Gateway features at main entrances to Hatfield Peverel/Nounsley Estimated Cost:- £8,000</p> <p>LBRA212020 – Restoration and preservation of metal fingerpost signage, Station Road, j/w High Street, Kelvedon Estimated Cost:- £4,000</p> <p>LBRA222001 – Safety measures, Rayne Road, Braintree Estimated Cost:- £12,000</p> <p>LBRA192042 – Refurbishment/replacement of fingerposts, Fairstead Estimated Cost:- £10,000</p>

## BRAINTREE LOCAL HIGHWAY PANEL REPORT 2 - SCHEMES AWAITING FUNDING LIST

This Schemes Awaiting Funding List identifies those scheme requests, which have been received for the consideration of the Braintree Local Highways Panel (LHP).

The Panel are now asked to review the schemes on the attached Schemes Awaiting Funding List and consider their further scheme funding recommendations for those they wish to see delivered in 2023/24.

The Panel may also remove any schemes they would not wish to consider for future funding.

There are currently Schemes Awaiting Funding with an estimated cost of £371,000, as shown in the summary below -

Scheme Type	Estimated Scheme Costs
Traffic Management	£193,500
Walking	£165,000
Passenger Transport	£12,500
PROW	£0
Total	£371,000

On the Schemes Awaiting Funding List, the RAG column acknowledges the status of the scheme request as shown below:

RAG Status	Description of RAG status
G	The scheme has been validated as being feasible and is available for Panel consideration
A	The scheme has been commissioned for a feasibility study which needs completing before any Panel consideration
R	A scheme which is against policy or where there is no appropriate engineering solution
V	A scheme request has been received and is in the initial validation process
