

Application No. 18/02010/FUL (Variation) - Gimsons, Kings Chase, Witham

Statement by Mr A Baker

The official's at Braintree should have a long hard look at themselves, Before they decide to DESTROY an area where Nature is Thriving The official's Should only vote for this Devastation of the Natural world if they live within in One Mile of the proposed building site So when they Walk by in years to come they can walk a different route So they do not have to hang they're head in Shame As the area is miles from the Braintree council office This proposed Building site is a Disgrace And should never had reached the planning stage let alone be discussed The people of Witham Deserve A Better environment not to have the Heart of the Town filled with Houses and Petrol fumes Stop this Devastation NOW With Regards for one or two of the Council

Mr Allan J Baker a resident For over 36 years
