To submit a financial update to the next meeting of the Local Highways Panel. This matter is to be included on the Agenda as a separate item.</p>	<p>(HLO)</p>
<p>7.</p>	<p>Approved Works Programme:</p> <p>Consideration was given to a report setting out a programme of schemes which the Panel had recommended for approval. The report provided an update on the current position of all schemes which had been recommended for inclusion in the 2017/18 programme of work. The schemes denoted in 'green' had been completed; those denoted in 'grey' had been cancelled and could be removed from the schedule; and those denoted in 'yellow' were to provide an update to the Local Highways Panel.</p> <p>The report also included schemes which had been prioritised at the Panel's meeting in January 2018 for implementation in 2018/19. These schemes were subject to formal approval by Essex County Council's Cabinet Member for Highways.</p> <p>It was reported that the capital budget for Braintree Local Highways Panel for 2018/19 would be £407,789. It was proposed that £288,500 of this sum should be allocated to schemes which had been prioritised for implementation in 2018/19; £8,500 to schemes re-profiled from 2017/18 to 2018/19; and £126,500 to safer roads schemes. In total this amounted to an overspend of £15,711. However, Members of the Panel were advised that final scheme costs could change. Members of the Panel were also advised that Essex Highways had assigned a 'Direct Delivery Team' for all 12 Local Highways Panels. The Team would comprise three members of staff who would carry out small scale schemes such as signing; lining; and kerbing specifically for the Panels. It was anticipated that this new service would improve effectiveness and efficiency and reduce costs. It was suggested that the role of the Direct Delivery Team should be discussed at the next meeting for the Panel.</p> <p>Reference was made to the significant proportion of the Panel's budget (£126,500), which had been earmarked by Essex County Council's Cabinet Member for Highways for safer roads schemes. However, it was reported that a decision had not yet been made as to exactly how these schemes should be funded. It was suggested</p>	

	<p>that this matter should be raised at the meeting of County-wide Local Highways Panel representatives which would be held at Country Hall, Chelmsford on 3rd April 2018.</p> <p>Members of the Panel drew attention to a flooding issue at Mill Lane/Guithavon Valley, Witham, which was causing problems in a well-used area serving a care home, schools and commuters. The relevant Authorities were aware of the problem, which related to the inadequacy of existing drains and blocking by leaves, and insufficient drainage. It was mentioned that a feasibility study had been carried out, but potential funding had had to be allocated to other schemes. It was hoped that the work could be funded from other sources.</p> <p>Councillor D Smith stated that there was a discrepancy between the version of the Approved Works Programme included within the Panel's Agenda and the Programme which was available to view on Braintree District Council's website. It was agreed that this issue should be investigated.</p> <p>In discussing this Item, specific reference was made to the following matter:-</p> <p>2017/18 Programme LBRA162004 – Design work, Chipping Hill Bridge, Chipping Hill j/w Powers Hall End, Witham Cost: £10,000 (scheme completed)</p> <p>It was noted that this scheme, which had been referred to under Agenda Item 3 – Public Questions (Minute 3 refers), was related to scheme LBRA172011 – Widening of existing carriageway and moving stop line forward, Chipping Hill Bridge, Chipping Hill j/w Powers Hall End, Witham Estimated Cost:- £35,000 (to be confirmed) on the Potential Schemes List.</p> <p>DECISION:</p> <p>(1) That the following scheme be recommended for approval, subject to the specific comments denoted:-</p> <p><u>Traffic Management</u></p> <p>LBRA172011 – Design work (possible widening of existing carriageway and moving stop line forward), Chipping Hill Bridge, Chipping Hill j/w Powers Hall End, Witham Estimated Cost:- £35,000 (to be confirmed) (Note: This scheme/decision is also referred to under Minute 8 – Potential Schemes List)</p> <p>Action By: Jasmine Wiles, Essex Highways. This amounted to a budget overspend of £15,711.</p> <p>The value of unallocated schemes on the potential schemes list was £433,000. Members of the Panel were requested to identify possible schemes for delivery in 2018/19 should surplus funds become available and to highlight schemes which could be removed from the list.</p> <p>In discussing this item, concern was expressed about the time being taken to validate schemes.
